The management is faculty friendly and also aims at making the college and the faculty student friendly and making the teacher trainees realize the importance of becoming facilitators in the schools instead of having authoritarian attitude that is, developing the schools into student friendly schools. Assistant Professors of the college pre-plan and prepare the lesson by reading more than three books and search related topics from the Google. Then the lesson are presented in the classrooms with the help of PPT or blackboard writing and then some of the lessons are recorded as audio lessons or few as a video lessons for sending in whatsapp groups. There are different whatsapp groups for teaching subject and other subjects. The principal holds meeting of students and staff and gets feedback from the students as well as the faculty regarding effectiveness of curriculum delivery and the college has a suggestion box also for the same purpose , Lectures preparation , diaries, PPT, audio-visual AIDS Smarty way CCTV are available in the classroom so that curriculum delivery is under watch and therefore time is not wasted. The emphasis on interactive teaching and the students are persuaded to go for innovations also. The students are free to approach the authorities and put suggestions and their grievances in the suggestion box. The College is spread up on a land of 5 Acres 1 Kanal 4 Marlas and the daily routine of the college starts with morning assembly and prayer. For developing self responsibility in teacher trainees and for training them in organizing various curricular and co-curricular activities, the college has an activity calendar in addition to the academic calendar and the students are divided into Sadans and associations. The various co-curricular activities are organized by Sadans and associations under the able guidance of the principal and the lecturers. The college has linkage with more than 20 schools for teaching practice. Skill-in-teaching practice continues throughout the session in the form of explaining teaching skills, practice of teaching skills through micro teaching in simulation, practice of macro lessons in simulation, exhibition of teaching aids, model lessons by lecturers, lectures and counseling on improving handwriting and improving Blackboard writing, model lessons by lecturers, writing and handwriting competition, Phase I - teaching practice in schools, demonstration lessons by the staff ,observation lessons, intra college competition in preparation of teachers. 4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

IQAC decides that the classrooms be white washed. All the gates be fixed with sunmica and accordingly, this decision was implemented. The books were purchased under the guidance of subject in-charges and the discussion with principal. Two books are issued to all the students and re-issued after 14 days or more if needed. The college has a book bank and all the text books are issued to a large number of students for whole year and even the university roll numbers for exam are issued without getting these books back. There is a suggestion box in the library and any student put demand slips in it for getting the books purchased. Staff member suggested books for doing research work and Ph.D. degree for research paper and for class teaching these books were purchased. The facilities are for all and are not restricted to a few one. More stress is laid on providing the facilities instead of sticking to hard and fast rules, that is rules are flexible and more importance is given to utilization than to creating rules. The staff is helpful in providing facilities to use library, laboratories and sports facilities. IQAC recommended purchase of more books and accordingly books were purchased. The binding of the books are repaired and all the books are being covered and protected. Though the library has open access but to maintain the books, the books are kept in almirahs. In addition to the recommendation of purchase of computers, the computer incharge recommends the repair and maintenance and the principal arrange the repair and maintenance of computers, internet instruments and printer. Most of the facilities need electricity and there for the college has two generators. IQAC recommended that playground be maintained and used for sports.

### 7.2 – Best Practices

#### 7.2.1 – Describe at least two institutional best practices

Talent Hunt Programmes Objectives: 1)To search the talents of students in the

field of cultural items and as an anchor. 2)To polish the talent of students. 3)To give opportunities to all the students to present and polish their talent. 4)To encourage students to shed their hesitations and show their capability. 5)To provide opportunities to novices (who have hidden talents but who could not get a chance to show their capability. The students can choose any one area based on their interest and talent, and progress it to become worth appreciating. The main aim of conducting these activities is to identify and nurture the talents from a young age to boost self-confidence in their skills which will be translated into studies to gain parallel academic excellence. To serve this purpose our college celebrates talent hunt programs every year. It also serves the purpose of a fresher party for newcomer students. Students prepare different items according to their talents like dance, singing, poem recitation, play drama, or skit on various issues to give a social message to society. Teachers act as a mentor and observe them. It becomes a competition, the winners are given prizes and others are applauded. The teacher gives motivational speeches to motivate and encourage the students/freshers. Students actively participate in all the activities. Some rules and regulations are also strictly followed like dancing to a movie song that seems to be vulgar to the audience is not allowed. Useless hooting is prohibited on campus during events and many more. Title of the practice:-Newspaper reading for educational news. The books do not provide updated knowledge. As we know it is an era of fast changes and new information is being added daily. The students do not update themselves with the latest news so there is a need to acquaint them with the latest news in the field of education and give them the views of the experts as well as the common man related to the field of education. So for this purpose, our institute provides a newspaper reading facility to the students. Students are allowed to read newspapers in their vacant lectures or during recess time to utilize their time for updating themselves. A Sadan group has their duty for a week. During this week a student of this particular sedan selects the news from the newspaper of that particular day and reads this news before all the rest students in the morning assembly. Since the opportunity is to give different students each day. The students get the latest knowledge of the happenings in the field of education and the other one. There are many newspapers provided to the students like Jag bani, The Tribune Punjab Kesari, Jung-e-Samachar, Rashtar Chavi, etc. Our teachers allow the students to utilize their free time in reading newspapers and get updated themselves.
